Monday

Walked to work because all the trucks are being used on gravel. 89 miles one way. Not paid. Collected $3.80.

Wanted $16.00 saved.

All the fellows left with clubs, flat iron and knives because the guy that stabbed Tommie told everyone they came into camp during the night before and if he comes again the boys are going to do for him if he comes into the camp. The C.O. is arranging the investigation.
